

### What is an Owner-Occupied Housing Rehabilitation Program?

The City of David City was awarded funding from the Nebraska Department of Economic Development (NDED) to establish an Owner-Occupied Housing Rehabilitation Program. Eligible homeowners may receive assistance to make structural, mechanical, electrical, weatherization and plumbing improvements to their homes.

### What is the proposed Program Area?

Housing Rehabilitation Assistance will be available within the municipal limits of the City of David City.

### How do I know if I'm eligible?

There are certain eligibility requirements, including income, assets, and homeownership. Mobile homes and rental properties are not eligible for participation in the program.

### Will I have to repay the assistance?

Conditional Grant. Applicants can qualify for a 100% Conditional Grant that will be forgiven after 6 years if owner does not move, sell or rent their property within the 6-year affordability period.

### How much assistance is available?

Financial assistance per household generally ranges from \$5,000 - \$23,000 per unit. The maximum per housing unit is limited to \$40,000. This limit unfortunately may exclude certain homes from participating in the program. For example, if a home will not meet basic standards after injecting \$40,000

in assistance, then the home will not be eligible for the program.
