Davidson & Co. (the “Underwriter”), which Designation may also determine or modify the mandatory redemption provisions (if any), and pricing terms as set forth in Section 23 below, all within the following

limitations:

- (a) the aggregate principal amount of the Bonds shall not exceed \$1,050,000;

- (c) The longest maturity of the Bonds shall not be later than December 15, 2046;

(d) Two or more of the principal maturities may be combined and issued as “term bonds” and the Authorized Officer may determine the mandatory sinking fund payments and mandatory redemption amounts. Any Bonds issued as “term bonds” shall be redeemed at a redemption price equal to 100% of the principal amount thereof plus accrued interest thereon to the date of redemption and may be selected for redemption by any random method of selection determined appropriate by the Registrar (as hereinafter designated) or by the Depository (as hereinafter designated).

Such determinations, when made and agreed to by the Underwriter, shall constitute the action of the City without further action of the Board.

The Bonds shall be in the denomination of \$5,000 or any integral multiple thereof and shall be numbered from 1 upward in the order of their issuance. No Bonds shall be issued originally or upon transfer or partial redemption having more than one principal maturity. The initial bond numbering and principal amounts for each of the Bonds issued shall be as directed by the initial purchasers thereof. Interest on the Bonds shall be payable semiannually on June 15 and December 15 of each year, starting June 15, 2027 (or such other date as determined in the Designation). The interest due on each interest payment date shall be payable to the registered owners of record as of the close of business on the fifteenth day immediately preceding the interest payment date (or such other date as determined in the Designation, the “Record Date”), subject to the provisions of Section 4 hereof. Payment of interest due on the Bonds prior to maturity shall be made by the Paying Agent and Registrar, as designated pursuant to Section 4 hereof, by mailing a check in the amount due for such interest on each interest payment date to the registered owner of each Bond, as of the applicable Record Date, to such owner's registered address as shown on the books of registration, as required to be maintained in Section 4 hereof. Payment of principal due at maturity, or at any date fixed for redemption prior to maturity, together with any accrued interest then due, shall be made by said Paying Agent and Registrar to the registered owners upon presentation and surrender of the Bonds to said Paying Agent and Registrar. The City and said Paying Agent and Registrar may treat the registered owner of any Bond as the absolute owner of such bond for the purpose of making payments thereon and for all other purposes and neither the City nor said Paying Agent and Registrar shall be affected by any notice or knowledge to the contrary whether such bond or any installment of interest due thereon shall be overdue or not. All payments on account of interest or principal made to the registered owner of any Bond shall be valid and effectual and shall be a discharge of the City and said Paying Agent and Registrar, in respect of the liability upon the Bonds or claims for interest to the extent of the sum or sums so paid. If any Bond is not paid upon presentation of such bond at maturity or any interest installment is not paid when due, the delinquent bond or delinquent interest installment shall bear interest thereafter until paid at a rate equal to the rate assessed against delinquent taxes under Section 45-104.01, R.R.S. Neb. 2010, as now existing or as the same may be amended from time to time by the Nebraska Legislature.

Section 4. Unless as otherwise determined in the Designation, the BOKF, National Association, in Lincoln, Nebraska, is hereby designated as Paying Agent and Registrar for the Bonds. The City reserves the right to appoint a successor paying agent and registrar. The Paying Agent and Registrar shall keep and maintain for the City books for the registration and transfer of the Bonds at the office of the Paying Agent and Registrar in Lincoln, Nebraska or the office of any duly-appointed successor, as applicable. The names

and registered addresses of the registered owner or owners of the Bonds shall at all times be recorded in such books. Any Bond may be transferred pursuant to its provisions at the office of the Paying Agent and Registrar by surrender of such bond for cancellation, accompanied by a written instrument of transfer, in form satisfactory to said Paying Agent and Registrar, duly executed by the registered owner in person or by such owner's duly authorized agent and thereupon the Paying Agent and Registrar on behalf of the City will register such transfer and will deliver at its office (or send by registered mail to the transferee owner or owners thereof at such transferee owner's or owners' risk and expense), registered in the name of such transferee owner or owners, a new Bond or Bonds of the same interest rate, aggregate principal amount and maturity. To the extent of the denominations authorized for the Bonds by this ordinance, one Bond may be transferred for several such Bonds of the same interest rate and maturity and for a like aggregate principal amount, and several such Bonds may be transferred for one or several such Bonds, respectively, of the same interest rate and maturity and for a like aggregate principal amount. In every case of transfer of a Bond, the surrendered Bond or Bonds shall be canceled and destroyed. All Bonds issued upon transfer of the Bonds so surrendered shall be valid obligations of the City evidencing the same obligations as the Bonds surrendered and shall be entitled to all the benefits and protection of this ordinance to the same extent as the Bonds upon transfer of which they were delivered. The City and said Paying Agent and Registrar shall not be required to transfer any Bond during any period from any Record Date until its immediately following interest payment date or to transfer any Bond called for redemption for a period of 30 days next preceding the date fixed for redemption. In the event that payments of interest due on the Bonds on an interest payment date are not timely made, such interest shall cease to be payable to the registered owners as of the Record Date for such interest payment date and shall be payable to the registered owners of the Bonds as of a special date of record for payment of such defaulted interest as shall be designated by the Paying Agent and Registrar whenever monies for the purpose of paying such defaulted interest become available.

Section 5. The Bonds shall be subject to optional redemption, in whole or in part, prior to maturity at any time on or after the fifth anniversary of the date of original issue thereof (or such other date as provided in the Designation) at par plus accrued interest on the principal amount redeemed to the date fixed for redemption. The City may select the bonds to be redeemed from such optional redemption in its sole discretion but bonds shall be redeemed only in the amount of \$5,000 or integral multiples thereof. Any bond redeemed in part only shall be surrendered to the Paying Agent and Registrar in exchange for a new bond evidencing the unredeemed principal thereof. Any bond redeemed in part only shall be surrendered to the Paying Agent and Registrar in exchange for a new bond evidencing the unredeemed principal thereof. Notice of redemption of any bond called for redemption shall be given at the direction of the Mayor and Council by the Paying Agent and Registrar by mail not less than thirty days prior to the date fixed for redemption, first class postage prepaid, sent to the registered owner of such bond at said owner's registered address, provided, however, that no such direction shall be required in the case of mandatory redemption. Such notice shall designate the bond or bonds to be redeemed by number and maturity, the date of original issue, the date fixed for redemption and state that such bond or bonds are to be presented for prepayment at the office of the Paying Agent and Registrar. In case of any bond partially redeemed, such notice shall specify the portion of the principal amount of such bond to be redeemed. No defect in the mailing of notice for any bond shall affect the sufficiency of the proceedings of the Mayor and Council designating the bonds called for redemption or the effectiveness of such call for bonds for which notice by mail has been properly given and the Mayor and Council shall have the right to further direct notice of redemption for any such bond for which defective notice has been given. In the event term maturities and mandatory redemption amounts are determined in the Designation, the provisions of this Section 5 shall apply generally to mandatory redemptions.

Section 6. If the date for payment of the principal or interest on the Bonds shall be a Saturday, Sunday, legal holiday or a day on which banking institutions in the City where the office of the Paying Agent and Registrar is located are authorized by law or executive order to close, then the date for such

payment shall be the next succeeding day which is not a Saturday, Sunday, legal holiday or a day on which such banking institutions are authorized to close, and payment on such day shall have the same force and effect as if made on the nominal date of payment.

Section 7. The Bonds shall be executed on behalf of the City by being signed by the Mayor and the City Clerk, both of which signatures may be facsimile signatures, and shall have the City seal impressed on each Bond. The City Clerk shall make and certify a transcript of proceedings had and done precedent to the issuance of said bonds which shall be delivered to the purchaser of said bonds. After being executed by the Mayor and City Clerk, said bonds shall be delivered to the Treasurer of the City who shall be responsible therefor under his/her official bond and such Treasurer shall cause said bonds to be registered in the office of the Auditor of Public Accounts. The Paying Agent and Registrar shall register each Bond in the name of its initial registered owner as designated by the initial purchaser. Each Bond shall be authenticated on behalf of the City by the Paying Agent and Registrar. The Bonds shall be issued initially as “book-entry only” bonds using the services of The Depository Trust Company (the “Depository”), with one typewritten bond per maturity being issued to the Depository. In such connection said officers of the City are authorized to execute and deliver a letter of representations and inducement (the “Letter of Representations”) in the form required by the Depository, for and on behalf of the City, which shall thereafter govern matters with respect to registration, transfer, payment and redemption of the Bonds. Upon issuance of the Bonds as “book-entry-only” bonds, the following provisions shall apply:

(a) The City and the Paying Agent and Registrar shall have no responsibility or obligation to any broker-dealer, bank or other financial institution for which the Depository holds Bonds as securities depository (each, a “Bond Participant”) or to any person who is an actual purchaser of a Bond from a Bond Participant while the Bonds are in book-entry form (each a “Beneficial Owner”) with respect to the following:

(i) the accuracy of the records of the Depository, any nominees of the Depository or any Bond Participant with respect to any ownership interest in the Bonds,

(ii) the delivery to any Bond Participant, any Beneficial Owner or any other person, other than the Depository, of any notice with respect to the Bonds, including any notice of redemption, or

(iii) the payment to any Bond Participant, any Beneficial Owner or any other person, other than the Depository, of any amount with respect to the Bonds.

The Paying Agent and Registrar shall make payments with respect to the Bonds only to or upon the order of the Depository or its nominee, and all such payments shall be valid and effective fully to satisfy and discharge the obligations with respect to such bonds to the extent of the sum or sums so paid. No person other than the Depository shall receive an authenticated Bond, except as provided in (e) below.

(b) Upon receipt by the Paying Agent and Registrar of written notice from the Depository to the effect that the Depository is unable to or unwilling to discharge its responsibilities, the Paying Agent and Registrar shall issue, transfer and exchange Bonds requested by the Depository in appropriate amounts. Whenever the Depository requests the Paying Agent and Registrar to do so, the Paying Agent and Registrar will cooperate with the Depository in taking appropriate action after reasonable notice (i) to arrange, with the prior written consent of the City, for a substitute depository willing and able upon

reasonable and customary terms to maintain custody of the Bonds or (ii) to make available Bonds registered in whatever name or names the Beneficial Owners transferring or exchanging such bonds shall designate.

(c) If the City determines that it is desirable that certificates representing the Bonds be delivered to the ultimate Beneficial Owners of the Bonds and so notifies the Paying Agent and Registrar in writing, the Paying Agent and Registrar shall so notify the Depository, whereupon the depository will notify the Bond Participants of the availability through the Depository of bond certificates representing the Bonds. In such event, the Paying Agent and Registrar shall issue, transfer and exchange bond certificates representing the Bonds as requested by the Depository in appropriate amounts and in authorized denominations.

(d) Notwithstanding any other provision of this Ordinance to the contrary, so long as any Bond is registered in the name of the Depository or any nominee thereof, all payments with respect to such bond and all notices with respect to such bond shall be made and given, respectively, to the Depository as provided in the Letter of Representations.

(e) Registered ownership of the Bonds may be transferred on the books of registration maintained by the Paying Agent and Registrar, and the Bonds may be delivered in physical form to the following:

(i) any successor securities depository or its nominee; or

(ii) any person, upon (A) the resignation of the Depository from its functions as depository or (B) termination of the use of the Depository pursuant to this Section and the terms of the Paying Agent and Registrar's Agreement (if any).

(f) In the event of any partial redemption of a Bond unless and until such partially redeemed bond has been replaced in accordance with the provisions of this Ordinance, the books and records of the Paying Agent and Registrar shall govern and establish the principal amount of such bond as is then outstanding and all of the Bonds issued to the Depository or its nominee shall contain a legend to such effect.

If for any reason the Depository resigns and is not replaced or upon termination by the City of book-entry-only form, the City shall immediately provide a supply of bond certificates for issuance upon subsequent transfers or in the event of partial redemption. In the event that such supply of certificates shall be insufficient to meet the requirements of the Paying Agent and Registrar for issuance of replacement bond certificates upon transfer or partial redemption, the City agrees to order printed an additional supply of bond certificates and to direct their execution by manual or facsimile signature of its then duly qualified and acting officers. In case any officer whose signature or facsimile thereof shall appear on any Bond shall cease to be such officer before the delivery of such bond (including any bond certificates delivered to the Paying Agent and Registrar for issuance upon transfer or partial redemption) such signature or such facsimile signature shall nevertheless be valid and sufficient for all purposes the same as if such officer or officers had remained in office until the delivery of such bond. The Bonds shall not be valid and binding on the City until authenticated by the Paying Agent and Registrar. The Bonds shall be delivered to the Paying Agent and Registrar for registration and authentication.

Section 8. Said Bonds shall be in substantially the following form:

Nebraska 2010, as now existing or as the same may be amended from time to time by the Nebraska Legislature. The interest hereon shall be paid on each interest payment date by BOKF, National Association, in Lincoln, Nebraska, as Paying Agent and Registrar for the City by wire transfer, check or draft mailed to the registered owner hereof as of the close of business on the fifteenth day immediately preceding the interest payment date (the "Record Date"), at such owner's registered address as it appears on the books of registration of the City. The principal of this bond and the interest due at maturity or upon call for redemption prior to maturity are payable on presentation and surrender to said Paying Agent and Registrar at its office in Lincoln, Nebraska. Any interest not so timely paid shall cease to be payable to the person entitled thereto as of the Record Date such interest was payable, and shall be payable to the person who is the registered owner of this bond (or of one or more predecessor bonds hereto) on such special record date for payment of such defaulted interest as shall be fixed by the Paying Agent and Registrar whenever monies for such purpose become available.

The City, however, reserves the right and option of paying bonds of this issue prior to maturity at any time on or after the fifth anniversary of the date of original issue thereof at par plus accrued interest on the principal amount redeemed to the date fixed for redemption.

Any bond redeemed in part only shall be surrendered to the Paying Agent and Registrar in exchange for a new bond evidencing the unredeemed principal thereof. Notice of any such redemption shall be given by mail, sent to the registered owner of any bond to be redeemed at said registered owner's address in the manner provided in the ordinance authorizing said bonds (the "Ordinance"). Individual bonds may be redeemed in part but only in the amount of \$5,000 or integral multiples thereof. Any bond redeemed in part only shall be surrendered to the Paying Agent and Registrar in exchange for a new bond or bonds evidencing the unredeemed principal thereof.

This bond is one of an issue of fully registered bonds of the total principal amount of \$_____, of like tenor herewith except as to denomination, date of maturity and rate of interest

issued by said City for the purpose of refunding the City's outstanding Electric Utility Revenue Bonds, Series 2023, in pursuance of the provisions of Sections 10-142 and 18-1803 to 18-1805, R.R.S. Neb. 2012. This bond and the others of said issue have been duly authorized by the Ordinance duly passed and adopted by the Mayor and Council of said City.

The revenue and earnings derived and to be derived from the operation of the electric light and power plant and distribution system owned and operated by the City, and all extensions and additions thereto and all improvements thereof hereafter made (hereinafter, the "Electric Utility") are pledged and hypothecated, all of which bonds of said issue are equally and ratably secured by said pledge and are of equal priority as to lien upon the revenues and earnings of said Electric Utility owned and operated by the City and are not general obligations of the City, subject only to the payment of reasonable expenses of operating and maintaining said Electric Utility. The City agrees to maintain and collect rates and charges for electric service which shall be reasonable and adequate to produce revenues and earnings sufficient at all times to pay the interest and principal of all of said bonds as such interest and principal become due and to maintain and operate said Electric Utility efficiently. The Ordinance constitutes a contract between the City and the holders of said bonds and reserves the right to the City to issue bonds equal in lien to the bonds of this series of bonds or junior lien bonds or notes under certain conditions. The bonds of this issue are not general obligations of the City and are payable solely from the revenues of said Electric Utility as so pledged.

Under the Ordinance, the City has agreed to establish and maintain a special fund known as the Electric Utility Fund into which it will pay all of the gross revenues collected and received from the operation of its said Electric Utility and will use the monies in said fund only for the operation and maintenance of said Electric Utility and for the payment of the interest and principal of the bonds of this series and Additional Bonds authorized in accordance with the terms of said Ordinance and for such other purposes as are permitted by said Ordinance and will apply the monies in said fund to the payment of said bonds as the principal and interest thereof become due.

This bond is transferable by the registered owner or such owner's attorney duly authorized in writing at the office of the Paying Agent and Registrar upon surrender and cancellation of this bond, and thereupon a new bond or bonds of the same aggregate principal amount, interest rate and maturity will be issued to the transferee as provided in the Ordinance, subject to the limitations therein prescribed. The City, its Paying Agent and Registrar and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment hereof and for all purposes and shall not be affected by any notice to the contrary, whether this bond be overdue or not.

AS PROVIDED IN THE ORDINANCE REFERRED TO HEREIN, UNTIL THE TERMINATION OF THE SYSTEM OF BOOK-ENTRY-ONLY TRANSFERS THROUGH THE DEPOSITORY TRUST COMPANY, NEW YORK, NEW YORK (TOGETHER WITH ANY SUCCESSOR SECURITIES DEPOSITORY APPOINTED PURSUANT TO THE ORDINANCE, "DTC"), AND NOTWITHSTANDING ANY OTHER PROVISIONS OF THE ORDINANCE TO THE CONTRARY, A PORTION OF THE PRINCIPAL AMOUNT OF THIS BOND MAY BE PAID OR REDEEMED WITHOUT SURRENDER HEREOF TO THE PAYING AGENT AND REGISTRAR. DTC OR A NOMINEE, TRANSFEREE OR ASSIGNEE OF DTC OF THIS BOND MAY NOT RELY UPON THE PRINCIPAL AMOUNT INDICATED HEREON AS THE PRINCIPAL AMOUNT HEREOF OUTSTANDING AND UNPAID. THE PRINCIPAL AMOUNT HEREOF OUTSTANDING AND UNPAID SHALL FOR ALL PURPOSES BE THE AMOUNT DETERMINED IN THE MANNER PROVIDED IN THE ORDINANCE.

UNLESS THIS BOND IS PRESENTED BY AN AUTHORIZED OFFICER OF DTC (A) TO THE PAYING AGENT AND REGISTRAR FOR REGISTRATION OF TRANSFER OR EXCHANGE OR (B)

TO THE PAYING AGENT AND REGISTRAR FOR PAYMENT OF PRINCIPAL, AND ANY BOND ISSUED IN REPLACEMENT HEREOF OR SUBSTITUTION HEREFOR IS REGISTERED IN THE NAME OF DTC AND ANY PAYMENT IS MADE TO DTC OR ITS NOMINEE, ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL BECAUSE ONLY THE REGISTERED OWNER HEREOF, DTC OR ITS NOMINEE, HAS AN INTEREST HEREIN.

This bond shall not be valid and binding on the City until authenticated by the Paying Agent and Registrar.

IT IS HEREBY CERTIFIED AND WARRANTED that all conditions, acts and things required by law to exist or to be done precedent to and in the issuance of this bond and the series of which this bond is a part in order to make the same legal and binding obligations of said City according to the terms thereof, do exist, have happened and have been performed in due time, form and manner as required by law, and that before the issuance of this bond provision has been duly made for the collection and segregation of the revenue of the City's electric light and power plant and distribution system and for the application of the same as hereinbefore provided.

Section 9. For the payment of the Bonds, the City hereby pledges and hypothecates the entire revenue and earnings of the Electric Utility subject only to the payment of reasonable expenses of operating and maintaining said Electric Utility.

Section 10. The City will maintain and collect rates and charges for all electric service furnished from its Electric Utility adequate to produce revenue and earnings sufficient at all times:

(a) to provide for the payment of interest on and principal of the Bonds and any Additional Bonds as such interest and principal become due;

(b) to pay all reasonable costs of operation and maintenance of the Electric Utility, including adequate insurance as provided by this ordinance and to pay for the necessary and reasonable repairs, replacements and extensions of said Electric Utility;

(c) to establish and maintain an Electric Utility Bond Reserve Account and Improvement and Extension Account as hereinafter set forth.

Section 11. The entire revenue and earnings derived from the operation of the Electric Utility of said City shall be set aside as collected and deposited in a separate fund and designated as the "Electric Utility Fund", the creation of which is hereby confirmed. The monies in the Electric Utility Fund shall be deposited in a separate bank account properly identified as such in a bank or banks designated by the Mayor and shall be secured as provided by law for public deposits. The City shall set up and maintain as long as the Bonds or any Additional Bonds are outstanding the following accounts for the administration of said fund:

I. OPERATION AND MAINTENANCE ACCOUNT: The establishment within the Electric Utility Fund of a separate account designated as the "Operation and Maintenance Account" is hereby confirmed. The City shall set aside in this account each month an amount sufficient for the operation and maintenance of its Electric Utility and the expenses of maintenance and operation of said Electric Utility shall be paid out of this account.

II. ELECTRIC UTILITY REVENUE BOND ACCOUNT: The establishment within the Electric Utility Fund of a separate account designated as the "Electric Utility Revenue Bond Account" is hereby confirmed. The City shall transfer to the Electric Utility Revenue Bond Account such amounts as follows:

(1) Commencing on the first (1st) day of the month following the month in which the Bonds are issued (the "Initial Deposit Date"), and continuing on the corresponding day of each month thereafter an amount which, when combined with additional equal monthly amounts to be deposited pursuant to this subparagraph prior to the next falling Interest Payment Date, will be sufficient to provide funds to pay the installment of interest due with respect to the Bonds on such Interest Payment Date; and

(2) Commencing on the Initial Deposit Date, and continuing on the corresponding day of each month thereafter an amount which, when combined with additional equal monthly amounts to be deposited pursuant to this subparagraph prior to the next principal maturity date (or mandatory sinking fund redemption date, if applicable) with respect to the Bonds will be sufficient to provide funds to pay such maturing principal amount (or make such mandatory sinking fund redemption payment, if applicable) on such date.

Such transfers to the Electric Utility Revenue Bond Account shall be made in such amounts and at such times that there will be sufficient sums in such account to make the required payments of principal and interest with respect to the Bonds. Upon the issuance of any Additional Bonds pursuant to this ordinance, appropriate additional monthly payments to the Electric Utility Revenue Bond Account shall be provided in an amount sufficient to pay the principal and interest on such Additional Bonds. The monies in the Electric Utility Revenue Bond Account shall be used only for the payment of principal and interest on the Bonds and any Additional Bonds issued pursuant to this ordinance.

III. ELECTRIC UTILITY BOND RESERVE ACCOUNT: Within the Electric Utility Bond Reserve Account, there has been and shall be established separate sub-accounts for the Bonds and each series of Additional Bonds, as shall be deemed appropriate by the Mayor and Council in connection with each such issue. For the Bonds there is hereby ordered established the 2026 Bond Reserve Sub-account into which there shall be deposited from the proceeds of the Bonds or other fund of the City the sum of \$0.00 (or such other amount as set forth in the Designation, the "2026 Required Balance") which shall be maintained as the required balance so long as any of the Bonds remain outstanding. Monies credited to the 2026 Bond Reserve Sub-account may be withdrawn, as needed, to provide funds to pay when due the principal of and interest on the Bonds, if the Electric Utility Revenue Bond Account contains insufficient funds for such purpose, and the City Treasurer is hereby authorized and directed to make such withdrawal if and when needed. The 2026 Bond Reserve Sub-account has been established with respect to and shall be maintained for the security of the Bonds only. In the event of any withdrawal from the 2026 Bond Reserve Sub-account but subject to allocation among other sub-accounts in the Electric Utility Bond Reserve Account as described below, there shall be credited to the 2026 Bond Reserve Sub-account in the month following such withdrawal all monies in the Electric Utility Fund remaining after making the payments required to be made in such month to the Operation and Maintenance Account and the Electric Utility Revenue Bond Account and each month thereafter all such remaining monies shall be credited to the 2026 Bond Reserve Sub-account until such sub-account has been restored to the 2026 Required Balance. In issuing any series of Additional Bonds a separate sub-account in the Electric Utility Bond Reserve Account may be established for such series of Additional Bonds but is not required under the terms of this Ordinance. In no event shall the required balance for any such additional sub-account established for any series of Additional Bonds within the Electric Utility Bond Reserve Account (which shall be set at the discretion of the City and may be \$0), exceed an amount equal to 1.20 times the average annual debt service requirements for the issue of additional bonds for which such reserve sub-account is established. The balance in any such additional sub-account may be funded from monies on hand or from periodic deposits from revenues in the Electric Utility Fund or from the proceeds of such Additional Bonds. Each sub-account in the Electric Utility Bond Reserve Account and available monies from the Electric Utility Fund required to be credited to each such sub-account at any time shall be allocated on a pro rata basis between sub-accounts then requiring credits in accordance with the respective unpaid principal amounts then outstanding for each such issue for which there is a sub-account requiring credits. Each sub-account in the Electric Utility Bond Reserve Account shall constitute a separate fund held in trust by the City Treasurer for the separate benefit of the issue of bonds for which it is established. Anything in this Subsection 11(III) to the contrary notwithstanding, the amount required to be maintained in the Electric Utility Bond Reserve Account or any sub-account therein shall not at any time exceed the maximum amount permitted to be invested without yield under Section 148 of the Internal Revenue Code of 1986, as amended, or any successor provision or related statutory limitation and applicable regulations of the United States Treasury Department.

IV. IMPROVEMENT AND EXTENSION ACCOUNT: The Designation may contain provisions for a monthly credit to such Account of an amount in addition to that required (if any) under the terms of this ordinance. Monies in this Account (if any) may be used for maintenance, improvement, replacement, enlargement or extension of the Electric Utility, including payments of principal and interest on general

obligation bonds of the City issued to improve, extend or enlarge any part of the Electric Utility, and at any time monies are spent from the Account so as to reduce such account to an amount less than the required fund balance (if any) plus additional amounts required to be deposited into this Account by any ordinance authorizing Additional Bonds (if any), there shall, as soon as money is available after providing for the foregoing accounts, be deposited monthly into this Account a sum sufficient to return the balance of this Account to the then required balance.

V. SURPLUS ACCOUNT: After provisions have been made for each of the foregoing accounts, all remaining funds shall be transferred into the Surplus Account to be used as follows:

- 1) To fill any deficiency in the foregoing accounts.
- 2) To pay on an accelerated basis the required fund balance of the Electric Utility Bond Reserve Account or the Improvement and Extension Account.
- 3) To be used for any lawful purpose connected with the Electric Utility including paying principal and interest on general obligation bonds or junior lien revenue bonds or notes of the City authorized to pay the cost of constructing improvements to the Electric Utility.
- 4) Retiring the Bonds and Additional Bonds prior to their maturity under their option provisions or by purchase on the open market.
- 5) To be transferred to the general fund of the City for any lawful municipal purpose.

Monies on deposit in the Electric Utility Fund, which have not as yet been credited to an account therein in accordance with this section, and monies credited to the Operation and Maintenance Account, the Electric Utility Revenue Bond Account, the Improvement and Extension Account and the Surplus Account may, to the extent practicable and reasonable, be invested in permitted investments, maturing in the case of unallocated monies invested from the Electric Utility Fund not later than the first business day of the month next following such investment and maturing in the case of monies invested from the Operation and Maintenance Account, the Electric Utility Revenue Bond Account and the Improvement and Extension Account at such times and in such amounts as shall be required to provide monies to make the payments reasonably anticipated to be made from said accounts. Monies credited to the Electric Utility Bond Reserve Account shall be invested in permitted investments of the types described in clauses (1) or (2) of the definition thereof, maturing or redeemable at stated fixed prices at the option of the holder, by not more than five (5) years from the date of such investment. All interest and income derived from monies to the credit of the Electric Utility Fund, the Operation and Maintenance Account, and the Surplus Account shall, when realized and collected, be credited to the said Fund or to the respective Account from which such investments were made. All monies and income from investments made from monies credited to the Electric Utility Bond Reserve Account, the Improvement and Extension Account and the Electric Utility Revenue Bond Account shall, when realized and collected, be credited to the respective Account from which such investments were made, unless there shall then be credited thereto the respective full amounts required by paragraphs II, III and IV of this section, in which event such interest and income shall be credited to the Surplus Account. All investments held for the credit of any Fund or Account may be sold when required to make payments to be made from such Fund or Account.

It is understood that the revenues of the Electric Utility are to be credited to the various accounts hereinabove established in the order in which said Accounts have been listed, and if within any period the

revenues are insufficient to credit the required amounts in any of the said Accounts, the deficiencies shall be made up the following period or periods after payments into all Accounts enjoying a prior claim on the revenues have been made in full.

Section 12. The City is hereby authorized and directed to keep proper records, books and accounts (separate from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the said Electric Utility and all of the funds and accounts established hereby. Within nine (9) months after the close of each fiscal year a certified public accountant's report on the financial condition and results of operation shall be furnished upon request to the underwriter of the Bonds. The expense of such reports shall be considered an operating expense. Any holder or holders of twenty-five percent (25%) in aggregate principal amount of the bonds at the time then outstanding shall have the right at all reasonable times to inspect the Electric Utility and all records, accounts and data of the City relating thereto.

Section 13. The City Treasurer and the City Clerk shall be bonded, in addition to their official bond, by an insurance company or bonding company licensed to do business in Nebraska, in amounts sufficient to cover at all times all the revenues and earnings of the Electric Utility placed in their hands. Any other person employed by the City in the collection or handling of monies derived from the operation of said property shall also be bonded in an amount sufficient to cover all monies which may at any time be placed in such person's hands. The amount of such bonds shall be fixed by the Council and the cost thereof shall be paid from the earnings of said Electric Utility and they shall secure the faithful accounting of all monies.

Section 14. The City will carry adequate insurance on the Electric Utility in such amounts as are normally carried by private companies engaged in similar operations, including, without limiting the generality of the foregoing, fire and windstorm insurance, public liability insurance or workers compensation insurance and any insurance covering such risks as shall be recommended by a consulting engineer. The cost of all such insurance shall be regarded and paid as an operation and maintenance expense.

All such insurance policies shall be in such form and amount as shall be approved or recommended by a consulting engineer. All insurance proceeds, except proceeds from public liability insurance, shall be deposited into the Improvement and Extension Account and shall be used in making good the loss or damage in respect of which they were paid either by repairing the property damaged or replacing the property destroyed, and expenditures from said monies shall be made only upon a certificate issued by a consulting engineer and filed with the City Clerk stating that the proceeds, together with any other monies available for such purposes, are sufficient for the repair or replacement of any such properties; and when the City shall have been furnished with a certificate of a consulting engineer stating that the property damaged or destroyed has been fully repaired or replaced and such repairs or replacements have been fully paid for, the residue, if any, of such insurance proceeds shall be transferred from the Improvement and Extension Account to the Electric Utility Revenue Bond Account to make up any deficiency in said account, if any such deficiency exists, and if no such deficiency exists said residue shall be transferred to the Electric Utility Fund and credited to the accounts provided for in Section 11 in the same manner as other revenues of the Electric Utility.

If the proceeds of any insurance shall be insufficient to repair or replace the property damaged or destroyed, the City may use and shall pay out for such purpose, to the extent of such deficiency, any money remaining in the Improvement and Extension Account and the Surplus Account. If in the opinion of a consulting engineer the proceeds of any insurance, together with any amount then available for that purpose in the Improvement and Extension Account and Surplus Account shall be insufficient to fully complete and pay for such repairs or replacements and if the City shall fail to supply such deficiency from other sources

within a period of six months after receipt by the City of such insurance monies, or if in the opinion of a consulting engineer it is to the best interest of the City not to repair or replace all or any part of the damaged properties and that failure to repair or replace the damaged properties shall not affect the sufficiency of the income and revenue from the remaining properties to properly maintain and operate the same and provide funds for the Electric Utility Revenue Bond Account, Electric Utility Bond Reserve Account and Improvement and Extension Account, as herein provided for, then such insurance monies to the extent not applied to repair or replace the damaged properties shall be deposited in the Electric Utility Bond Reserve Account as described in Section 11 hereof and used for the purposes for which said account has been created, so as to fill said account to its required balance, or if said account is filled to its required balance, then to the Improvement and Extension Account to fill this account to its required balance and any amount which may be in excess of the amount required in the Improvement and Extension Account shall be credited to the Surplus Account.

If the holders of sixty percent (60%) or more in principal amount of the Bonds and any Additional Bonds at the time outstanding hereunder shall at any time direct the City in writing to do so, then any insurance monies theretofore credited to the Improvement and Extension Account and then in the hands of the City may be used for extensions and betterments of said Electric Utility properties or applied to the pro rata payment of the principal of and accrued interest on all such bonds then outstanding hereunder.

The proceeds of any and all policies for public liability or workers compensation insurance shall be paid to the respective claimants or to the City Treasurer to be held and used in paying the claims on account of which they were received.

Section 15. The City will maintain the Electric Utility in good condition and operate the same in an efficient manner and at a reasonable cost. The City agrees with the holders from time to time of the Bonds that the City will continue to own, free from all liens and encumbrances, and will adequately maintain and efficiently operate said Electric Utility; provided, however, the City may sell for cash property which is recommended to be sold by the manager or superintendent of utilities, or an independent Consulting Engineer, and which is determined as a matter of record by the Council to have become obsolete, non-productive or otherwise unusable to the advantage of the City.

Section 16. Nothing in this ordinance shall be construed in such a manner as to prevent the issuance by the City of Additional Bonds payable from the revenues of the Electric Utility of the City on a parity with the lien of the Bonds equally and ratably secured therewith and entitled to the security and benefits of this ordinance; provided, however, that before any such Additional Bonds are actually issued, the revenues of the Electric Utility, for the fiscal year next preceding the date of the authorization of such Additional Bonds, after deducting therefrom all costs of operation and maintenance of the Electric Utility for such fiscal year and before deduction of depreciation or interest as based on a certified public accountants report shall have been equal to 1.25 times the average annual bond requirements of the Bonds and any Additional Bonds proposed to be issued or such revenues would have met such test by applying the provisions of the second paragraph of this Section 16. If no audit report is available for the fiscal year next preceding the year in which such proposed Additional Bonds are issued, the report from the next proceeding year may be used in determining compliance with this section, provided that the City Treasurer shall certify that no substantial or material changes in circumstance have occurred which would reduce the amount of revenues of the Electric Utility so as to make the issuance of such Additional Bonds in conflict with this ordinance. For this purpose the average annual bond requirements shall be determined by adding all of the principal and interest which will become due when computed to the absolute maturity of the Bonds and Additional Bonds, if any, then outstanding and dividing such total by the number of years remaining that the longest bond of any such issue of bonds has to run to maturity.

In the event any change in the rates, rentals and charges for the use and service of the Electric

Utility has been made during the preceding fiscal year or during the interval between the end of such fiscal year and the issuance of such Additional Bonds, or in the event the City shall covenant in the ordinance or resolution authorizing the issuance of such Additional Bonds to impose, effective upon the issuance of such Additional Bonds, higher rates, rentals and charges for such use and service, compliance with the provisions of this Section 16 of this ordinance may be evidenced by a certificate of an independent Consulting Engineer or firm of engineers or Certified Public Accountant or independent Certified Public Accountants to be filed with the City Clerk prior to the issuance of any such Additional Bonds. Such certificate shall state fully the facts upon which such certificate is based and, if it is a certificate of the Consulting Engineer or firm of Consulting Engineers, shall have attached thereto the certified financial statement for the fiscal year next preceding the date of authorization of such Additional Bonds used by the Engineer or firm of Engineers in arriving at the conclusion stated in said certificate. The Consulting Engineer or independent Certified Public Accountant of the City shall, in determining the earnings for such fiscal year adjust the collections to reflect the result as if such changed rates, rentals and charges, or such higher rates, rentals and charges had been in existence for such entire preceding fiscal year period, and the amount of such net collections and adjusted earnings as aforesaid shall be conclusive evidence and the only evidence required to show compliance with the provisions and the requirements of Section 16 of this ordinance.

If the City shall find it desirable, the City shall also have the right when issuing additional bonds to combine with its Electric Utility any water or sewer gas distribution system, water system, sanitary sewer system or any solid waste disposal system (including transfer stations) or any other utility or revenue producing facility of the City (which shall thereafter be known as the "Combined Utilities System") authorized to be combined under Sections 18-1803 through 18-1805 R.R.S. Nebraska 2012, and to cause all of the revenues of all such combined utility systems to be paid into the Electric Utility Fund, and to provide that all of the Bonds all as then outstanding, and any proposed issue of Additional Bonds shall be payable from the revenues of such Combined Utilities System and shall stand on a parity and in equality as to security and payment, provided, however, no utility shall be combined with the current Electric Utility and such other combined utilities as contemplated in this paragraph unless the City is current with all the payments required to be made into the accounts created in Section 11 and the net revenues of such Electric Utility system shall satisfy at least one of the requirements for additional bonds provided in this Section 16. For purposes of meeting such requirements, the definition of revenues of the Electric Utility shall include the additional utility or utilities and take into consideration the ordinary expenses of operating and maintaining the additional utility or utilities and for such purposes any engineer furnishing projections may take into consideration the factors described in the second or third paragraphs of this Section 16.

If, prior to the payment of the bonds herein authorized, it shall be found desirable to refund any Additional Bonds then outstanding, under the provisions of any law then available, said bonds or any part thereof may be refunded without the consent of the holders thereof and the refunding obligations so issued shall enjoy complete equality of lien with the portion of the bonds which is not refunded, if any there be, and the refunding obligations shall continue to enjoy whatever priority of lien over subsequent issues may have been enjoyed by the bonds refunded, provided, however, the total of the interest and principal payment obligation in any succeeding year shall not be greater, after such refunding, than it would have been in each such succeeding year without such refunding without the consent of the holders of the unrefunded portion of said bonds. Refunding bonds shall also be permitted to be issued in accordance with the first three paragraphs of this Section 16 and for purposes of calculating average annual bond requirements, the City shall not be required to include principal or interest due on any bonds to be refunded, from and after the time that such refunded bonds shall no longer be outstanding under the terms of their authorizing ordinance.

Section 17. Nothing herein contained shall prevent the City from issuing bonds, revenue notes or other forms of indebtedness, the payment of the principal and interest of which is a charge upon all or a portion of the revenues of the Electric Utility, junior or inferior to the Bonds and to the payments to be

made into the Operation and Maintenance Account, Electric Utility Revenue Bond Account, the Electric Utility Bond Reserve Account and the Improvement and Extension Account, and the City shall have the right to pay interest thereon and the principal thereof, as long as no deficiency exists in the payments into such Accounts, from funds available for improvements and enlargements to the Electric Utility of the City or from other funds which are available for such debt service.

Section 18. The City will not hereafter grant any franchise or right to any person, firm or corporation to own or operate an electric, water or sewer plant or system in competition with those owned by the City.

Section 19. While any of the Bonds are outstanding, the City will render bills to all customers for electric service and, subject to applicable statutes and rules, if bills are not paid within sixty days after due, the City will use all remedies lawfully available to collect such amounts due and owing.

Section 20. Except for amendments which are required for the correction of language to cure any ambiguity or defective or inconsistent provisions, omission or mistake or manifest error contained herein, no changes, additions or alterations of any kind shall be made by the City in the provisions of this Ordinance in any manner; provided, however, that from time to time the holders of sixty percent (60%) in principal amount of the Bonds and of Additional Bonds outstanding authorized hereunder (not including any of said bonds credited to any of the accounts set out in Section 11 of this Ordinance or any other of said bonds owned or controlled directly or indirectly by the City) by an instrument or instruments in writing signed by such holders and filed with the City Clerk shall have power to assent to and authorize any modification of the rights and obligations of the City and of the holders of the Bonds and of Additional Bonds and the provisions of this Ordinance that shall be proposed by the City, and any action authorized to be taken with the assent and authority given as aforesaid of the holders of sixty percent (60%) in principal amount of said bonds shall be binding upon all holders of said Bonds and Additional Bonds at the time outstanding hereunder and upon the City as fully as though such action were specifically and expressly authorized by the terms of this Ordinance; provided, always, that no such modification shall be made which will (a) extend the time of payment of the principal of or interest on any of said bonds or reduce the principal amount thereof or the rate of interest thereon; or (b) give to any of said bonds secured by this Ordinance any preference over any other of said bond or bonds; or (c) authorize the creation of any lien prior to the pledge of the revenues afforded by this Ordinance for the Bonds and any Additional Bonds. Any modification of the provisions of this Ordinance made as aforesaid shall be set forth in a supplemental ordinance to be adopted by the Mayor and City Council of said City.

Section 21. So long as any of the Bonds or any Additional Bonds of equal lien are outstanding, each of the obligations, duties, limitations and restraints imposed upon the City by this Ordinance shall be deemed to be a covenant between the City and every holder of said bonds, and this Ordinance and every provision and covenant thereof shall constitute a contract of the City with every holder from time to time of said bonds. Any holder of a Bond or Additional Bond or Bonds may by mandamus or other appropriate action or proceeding at law or in equity in any court of competent jurisdiction enforce and compel performance of this Ordinance and every provision and covenant thereof including, without limiting the generality of the foregoing, the enforcement of the performance of all duties required by the City by this Ordinance and the applicable laws of the State of Nebraska, including in such duties the making and collecting of sufficient rates, rentals, fees or charges for the use and service of the Electric Utility, the segregation of the revenues of said system and the application thereof to the respective Fund and Accounts referred to and described in Section 11 of this Ordinance.

Section 22. The City's obligations under this Ordinance and the liens, pledges, dedications, covenants and agreements of the City herein made or provided for shall be fully discharged and satisfied as to any Bonds or Additional Bonds issued hereunder, and said bonds shall no longer be deemed outstanding

hereunder, if such bonds shall have been purchased and cancelled by the City or, as to any of said bonds not theretofore purchased and cancelled by the City, when payment of the principal of and any applicable redemption premium, if any, on such bonds plus interest thereon, to the respective dates of maturities or redemption (a) shall have been made or caused to be made in accordance with the terms thereof; or (b) shall have been provided for by depositing in escrow with any state or national bank having trust powers, or trust company, in trust solely for such payment (i) sufficient monies to make such payment or (ii) direct general obligations of or obligations the principal and interest of which are unconditionally guaranteed by the United States of America (herein referred to as "Government Obligations") in such amount and bearing interest payable and maturing or redeemable at stated fixed prices at the option of the holder as to principal at such time or times as will insure the availability of sufficient monies to make such payment, and such bonds shall cease to draw interest from the date of their redemption or maturity and, except for the purposes of such payment, shall no longer be entitled to the benefits of this Ordinance except for payment from such deposit and shall no longer be considered as outstanding; provided that, with respect to any such bonds called or to be called for redemption, the City shall have duly given notice of redemption, or made irrevocable provision for giving such notice. Any such monies so deposited with the aforesaid bank or trust company as provided in this section may be invested and reinvested in Government Obligations at the direction of the City, and all interest and income from all such Government Obligations in the hands of the aforesaid bank or trust company which is not required to pay principal or interest on such bonds for which deposit has been made shall be paid to the City as and when realized and collected.

Section 23. Upon execution, registration and authentication of the Bonds, they shall be delivered to the City Treasurer, who is authorized to deliver them to the Underwriter, as the initial purchaser thereof, upon receipt of the purchase price as determined in the Designation, which may include an underwriter's discount of not to exceed 2.50%, and the City Treasurer is authorized to deliver the bonds to said purchaser upon receipt of the purchase price plus accrued interest to date of payment. Said Bonds are sold to the purchaser subject to the opinion of independent bond counsel that said Bonds are lawfully issued; that said Bonds constitute a valid obligation of the City; and that under existing laws and regulations, the interest on said Bonds is exempt from both Nebraska state and federal income taxes. The Authorized Officers are hereby authorized to approve, execute and deliver a Bond Purchase Agreement on behalf of the City.

Section 24. In accordance with the requirements of Rule 15c2-12, as amended (the "Rule"), promulgated by the Securities and Exchange Commission, the City, being the only "obligated person" with respect to the Bonds, agrees to provide the following continuing disclosure information to the Municipal Securities Rulemaking Board (the "MSRB") in an electronic format as prescribed by the MSRB:

ISSUER NAME: The City of David City, in the State of Nebraska

COMPLIANCE OFFICER (BY TITLE): City Treasurer

POLICY

It is the policy of the Issuer identified above (the “Issuer”) to comply with all Federal tax requirements and securities law continuing disclosure obligations for its obligations issued as tax-exempt bonds (or as tax credit, direct pay subsidy or other tax-advantaged bonds, as applicable) to ensure, as applicable (a) that interest on its tax-exempt bonds remains exempt from Federal income tax, (b) that the direct payments or tax credits associated with its bonds issued as tax advantaged bonds are received in a timely manner and (c) compliance with any continuing disclosure obligations of the Issuer with respect to its outstanding bonds.

PROCEDURES

Compliance Officer. Review of compliance with Federal tax requirements and securities law continuing disclosure obligations as generally outlined below shall be conducted by the Compliance Officer identified above (the “Compliance Officer”). To the extent more than one person has been delegated specific responsibilities, the Compliance Officer shall be responsible for ensuring coordination of all compliance review efforts.

Training. The Compliance Officer shall evaluate and review educational resources regarding post-issuance compliance with Federal tax and securities laws, including periodic review of resources published for issuers of tax-exempt obligations by the Internal Revenue Service (either on its website at <http://www.irs.gov/taxexemptbond>, or elsewhere) and the Municipal Securities Rulemaking Board (either on its Electronic Municipal Market Access website [“EMMA”] at <http://www.emma.msrb.org>, or elsewhere).

Compliance Review. A compliance review shall be conducted at least annually by or at the direction of the Compliance Officer. The review shall occur at the time the Issuer’s annual audit takes place, unless the Compliance Officer otherwise specifically determines a different time period or frequency of review would be more appropriate.

Scope of Review.

Document Review. At the compliance review, the following documents (the “Bond Documents”) shall be reviewed for general compliance with covenants and agreements and applicable regulations with respect to each outstanding bond issue:

- (a) the resolution(s) and/or ordinance(s), as applicable, adopted by the governing body of the Issuer authorizing the issuance of its outstanding bonds, together with any documents setting the final rates and terms of such bonds (the “Authorizing Proceedings”),
- (b) the tax documentation associated with each bond issue, which may include some or all of the following (the “Tax Documents”):

- (i) covenants, certifications and expectations regarding Federal tax requirements which are described in the Authorizing Proceedings;

 - (vi) any and all other agreements, certificates and documents contained in the transcript associated with the Authorizing Proceedings relating to federal tax matters.
- (c) the Issuer’s continuing disclosure obligations, if any, contained in the Authorizing Proceedings or in a separate agreement (the “Continuing Disclosure Obligations”), and
- (d) any communications or other materials received by the Issuer or its counsel, from bond counsel, the underwriter or placement agent or its counsel, the IRS, or any other material correspondence relating to the tax-exempt status of the Issuer’s bonds or relating to the Issuer’s Continuing Disclosure Obligations.

Use and Timely Expenditure of Bond Proceeds. Expenditure of bond proceeds shall be reviewed by the Compliance Officer to ensure (a) such proceeds are spent for the purpose stated in the Authorizing Proceedings and as described in the Tax Documents and (b) that the proceeds, together with investment earnings on such proceeds, are spent within the timeframes described in the Tax Documents, and (c) that any mandatory redemptions from excess bond proceeds are timely made if required under the Authorizing Proceedings and Tax Documents.

Arbitrage Yield Restrictions and Rebate Matters. The Tax Documents shall be reviewed by the Compliance Officer to ensure compliance with any applicable yield restriction requirements under Section 148(a) of the Internal Revenue Code (the “Code”) and timely calculation and payment of any rebate and the filing of any associated returns pursuant to Section 148(f) of the Code. A qualified rebate analyst shall be engaged as appropriate or as may be required under the Tax Documents.

Use of Bond Financed Property. Expectations and covenants contained in the Bond Documents regarding private use shall be reviewed by the Compliance Officer to ensure compliance. Bond-financed properties shall be clearly identified (by mapping or other reasonable means). Prior to execution, the Compliance Officer (and bond counsel, if deemed appropriate by the Compliance Officer) shall review (a) all proposed leases, contracts related to operation or management of bond-financed property, sponsored research agreements, take-or-pay contracts or other agreements or arrangements or proposed uses which have the potential to give any entity any special legal entitlement to the bond-financed property, (b) all proposed agreements which would result in disposal of any bond-financed property, and (c) all proposed uses of bond-financed property which were not anticipated at the time the bonds were issued. Such actions could be prohibited by the Authorizing Proceedings, the Tax Documents or Federal tax law.

Continuing Disclosure. Compliance with the Continuing Disclosure Obligations with respect to each bond issue shall be evaluated (a) to ensure timely compliance with any annual disclosure requirement, and (b) to ensure that any material events have been properly disclosed as required by the Continuing Disclosure

Obligation.

Record Keeping. If not otherwise specified in the Bond Documents, all records related to each bond issue shall be kept for the life of the indebtedness associated with such bond issue (including all tax-exempt refundings) plus six (6) years.

Incorporation of Tax Documents. The requirements, agreements and procedures set forth in the Tax Documents, now or hereafter in existence, are hereby incorporated into these procedures by this reference and are adopted as procedures of the Issuer with respect to the series of bonds to which such Tax Documents relate.

Consultation Regarding Questions or Concerns. Any questions or concerns which arise as a result of any review by the Compliance Officer shall be raised by the Compliance Officer with the Issuer's counsel or with bond counsel to determine whether non-compliance exists and what measures should be taken with respect to any non-compliance.

VCAP and Remedial Actions. The Issuer is aware of (a) the Voluntary Closing Agreement Program (known as "VCAP") operated by the Internal Revenue Service which allows issuers under certain circumstances to voluntarily enter into a closing agreement in the event of certain non-compliance with Federal tax requirements and (b) the remedial actions available to issuers of certain bonds under Section 1.141-12 of the Income Tax Regulations for private use of bond financed property which was not expected at the time the bonds were issued.

There being no further business to come before the City Council, the meeting was by action of the Council and the declaration of the Mayor, adjourned.
